MILAD SHAMSARA

General Manager of Mining Equipment | Maintenance & Repair Specialist

---

PROFESSIONAL SUMMARY

Mechanical Engineer with over 12 years of experience in mining equipment management, maintenance and repair, and fleet performance optimization in large-scale mining and construction projects. Expertise in managing mining equipment fleets, planning preventive and corrective maintenance (PM/CM/EM), oil analysis, parts coding, and inventory management (ABS, VED, XYZ, 3D MUSIC). Proven experience in international projects (Venezuela) and collaboration with major holdings such as Yazd Steel Holding and Foolad Iranian.

WORK EXPERIENCE

General Manager of Mining Equipment

Yazd Steel Holding – South East Iranians | 2026 – Present

- Managing the entire mining equipment fleet of the holding company
- Planning and supervising periodic, emergency, and preventive maintenance (CM/EM/PM)
- Managing technical and operational equipment teams
- Preparing monthly analytical reports and presenting efficiency improvement solutions

Supervisor of Mining Equipment

Klot-e Jonoub Construction Company – Mine No. 4, Golgohar Sirjan (Foolad Iranian) | 2022 – 2026

- Supervised the mining equipment fleet at Mine No. 4, Golgohar Sirjan
- Implemented preventive and periodic maintenance programs
- Conducted oil analysis and equipment condition monitoring
- Managed spare parts inventory and determined Reorder Points (ROP)

Supervisor of Mining Equipment

Mesh Derakhshan – Takht-e Gonbad Copper Mine | 2021

- Supervised mining equipment at Mesh Derakhshan Copper Mine
- Planned fleet maintenance and repair operations
- Monitored technical performance and equipment efficiency

Technical and Mining Equipment Manager

Aria Jonoub Iranian Company – Kavir Iron Ore Mine (Esmaloun), Yazd | 2019 – 2021

- Managed technical operations and mining equipment at Kavir Iron Ore Mine
- Developed long-term plans to maintain equipment health and efficiency
- Managed human resources to achieve organizational goals
- Designed warehouse layout (dynamic and static), addressing, and batch number tracking

Supervisor of Technical Office for Machinery

Perlit & Fellar Partnership – Sistan and Baluchestan Regional Water Authority | 2018

- Supervised the technical office for machinery at the Mashkid Earth Dam project, Saravan
- Prepared technical reports and equipment documentation
- Coordinated with other departments to achieve project objectives

Supervisor of Technical Office for Machinery

Abad Rahan Pars International Company – Star Refinery and South Pars (CPGC-POGC) | 2014 – 2017

- Supervised the technical office for machinery in refinery projects
- Applied ISO, ISIRI, ASTM, and ASME standards
- Conducted welding inspection (AWS-QC-1) and equipment quality control

Maintenance and Repair Officer for Machinery

Khatam al-Anbiya Construction Headquarters – Qorb-e Karbala (Ministry of Energy) | 2012 – 2014

- Responsible for maintenance and repair of machinery in the Garmasiri Dam project (Azgaleh – Maeshureh)
- Implemented periodic and emergency maintenance programs
- Monitored technical performance of heavy machinery

Official Shantui Representative (International Project)

Espadana Company – Bolivar Gold Mine, Venezuela | [Year]

- Commissioned, delivered, and trained operators on 28 heavy machines including loaders, bulldozers, graders, excavators, and dump trucks (PDI-PM)
- Trained local personnel on operation and maintenance procedures
- Coordinated technical activities in the international mining project

---

EDUCATION

Bachelor of Science in Mechanical Engineering – Manufacturing and Production
Islamic Azad University, Doroud Branch
GPA: 17.6/20

SKILLS

Technical Skills:

- Mining Equipment Management
- Maintenance & Repair (CM/EM/PM)
- Oil Analysis
- Parts Coding
- Inventory Management (ABS, VED, XYZ, 3D MUSIC)
- Reorder Point (ROP) and Economic Order Quantity (EOQ)
- ISO, ISIRI, ASTM, ASME Standards
- Welding Inspection (AWS-QC-1)
- Office Automation (LINK ONE, SIS, OFFICE)
- Preventive Maintenance Planning
- Warehouse Layout (Dynamic & Static)
- Batch Number Tracking

Soft Skills:

- Team Management
- Cross-functional Collaboration
- Technical Reporting
- Human Resources Management
- Strategic Planning

Languages:

- English – Good (Speaking, Reading, Writing)

CERTIFICATIONS & TRAINING

Course	Institution	Duration
Maintenance and Repair Principles	HESCO Company	80 hours
Management Principles	Dr. Maziar Mir	80 hours
AWS-QC-1 Welding Inspection	Iranian Welding and NDT Society (IWNT)	80 hours

Course	Institution	Duration
CNC Turning and Milling Training	Technical and Vocational Organization – Khorramabad	1200 hours
Hydraulic Hose Pressing	Metaco Company	80 hours
General Machinery Service and Maintenance	Yekran Vazin Aria Company	20 hours
Mining Machinery Safety	Eng. Hamidreza Ahrari	20 hours
Human Resources Management	Iran Khodro Diesel Company	20 hours
Oil Analysis for Mining Machinery and Equipment	Novin Net Pars Engineering Company	20 hours
Mining Tire Identification	Dr. Mighani	20 hours

PROJECTS

Translation and Correction of 37,000-Item Parts Coding System

Role: Head of Coding Department

- Led the translation and correction of a 37,000-item coding system for a holding company comprising 8 subsidiaries
- Covered coding for mining machinery parts, mechanical installations, and electronic equipment
- Implemented a unified coding structure across the entire holding group

Commissioning and Delivery of 28 Heavy Machines – Venezuela Gold Mine Project

Role: Official Shantui Representative

- Commissioned, delivered, and trained operators on 28 heavy machines including loaders, bulldozers, graders, excavators, and dump trucks (PDI-PM)
- Conducted on-site training for local personnel on operation and maintenance procedures
- Worked at Bolivar Gold Mine, Venezuela – Espadana Company

PERSONAL INFORMATION

- **Date of Birth:** 1988
- **Marital Status:** Married, 2 children
- **Military Service:** Completed
- **Location:** Iran
